

Weblixo Privacy Policy

Last Updated: December 2025

Introduction

Weblixo (“we”, “our”, or “us”) is committed to protecting your privacy. This Privacy Policy explains how we collect, use, and safeguard your information when you use our website and online tools.

Information We Collect

1. Voluntary Information: When you contact us or interact with certain tools, you may provide your email or text manually.
2. Automatically Collected Data: We may collect non-personal data such as browser type, device information, and anonymous usage statistics to improve performance.
3. Uploaded Files: For tools that accept file uploads (such as image compression), files are processed temporarily and not stored permanently.

How We Use Your Information

- To operate and improve our tools and website.
- To provide support and communicate updates.
- To analyze performance and enhance user experience.
- We do NOT sell, rent, or trade your personal information.

Temporary File Processing

Any file you upload for tool usage (e.g., QR generation, compression) is stored temporarily for processing. Files are automatically removed after the session completes.

Use of Cookies

Weblixo may use basic cookies for:

- Improving website functionality
- Remembering user preferences

We do not use advertising cookies or invasive tracking technologies.

Data Security

We implement industry-standard security practices such as:

- HTTPS encryption
- Sanitized input handling
- Secure server configurations

However, no system is 100% secure; use caution when handling sensitive data.

Third■Party Services

Some analytics or CDN services may process minimal technical data (e.g., IP region, browser). These services comply with international data protection standards.

Children's Privacy

Weblixo is not intended for children under 13. We do not knowingly collect data from minors.

Your Rights

Depending on your region, you may request:

- Access to your stored data
- Deletion of any voluntarily provided information
- Clarification regarding how your information is used
